

The Kent Way ZERO HARM

Regulatory Accreditations

Kent Hospital maintains all required accreditations and certifications required by our various regulatory bodies:

- The Joint Commission Accreditation ([TJC](#)) for Kent Hospital and Kent Hospital's Home Medical Equipment programs
- College of American Pathologists ([CAP](#)) accredited laboratory program
- Clinical Laboratory Improvement Amendments ([CLIA](#)) Certificate

Recognized for Excellence in Clinical Care

Kent Hospital holds several additional accreditations and certifications, a testament to our commitment to providing world-class care in our community. Each achievement requires alignment in practices with the most up-to-date evidence-based care that sets Kent Hospital apart as a leader in providing high-quality care.

Surgical & Medical Accreditations and Recognitions

Total Joint Replacement Advanced Certification for Total Hip and Total Knee Replacement

[TJC CENTER OF EXCELLENCE](#)

This Advanced Certification program demonstrates our commitment to evidence-based care and consistent collaboration from a pre-surgical visit with your surgeon to the procedure, hospitalization, and after discharge for exceptional results.

Metabolic & Bariatric Surgery Accreditation & Quality Improvement Program ([MBSAQIP](#))

American College of Surgeons - An Accredited Comprehensive Center, our program meets the highest standards to ensure the best outcomes for patients with metabolic issues and those undergoing surgical intervention.

Stroke Care
